Lyle Laske, Professor of Art at Moorhead State University, crafted the staff for the university in memory of his colleague and friend, Dr. Roy Boe, who served as an associate professor of art from 1967 to his death in 1978. The staff is sculpted from Brazilian rosewood rubbed and polished to a deep luster. Its tips are cast in bronze and gold plated. The top piece on the staff, also in rosewood, is shaped in a universal form which symbolizes the medieval northern world. The staff rests in a base that is a solid, circular piece of rosewood.</p> <p>The staff was presented to then President Roland Dille in 1978.</p>

The President's commitment to the University's purposes is renewed in each solemn academic function, when it is appropriate to wear the medallion and be recharged by its symbols.</p> <p>The medallion presented to Roland Barden upon his inauguration was designed and cast in bronze by P. Richard Szeitz, a faculty member in the MSU art department from 1966 to 1994.</p> <p>The seal's Latin inscription translates to "Striving for excellence, stimulating toward the very best." The design incorporates images of the seven liberal arts, representing the disciplines of learning in the modern university. Originally, those disciplines were divided into the Trivium (logic, grammar, rhetoric) and the Quadrivium (astronomy, arithmetic, geometry and harmony).</p> <p>On the medallion, logic is symbolized by a "scholar laureate," who holds a flowering branch representing the intrinsic logic of nature. Grammar is represented by a book, quill and inkwell, the traditional instruments of creating and holding literary works. Rhetoric is symbolized by a speaker holding a scroll of Cicero, the classical orator. The communication arts, from traditional to high technology, as well as the social sciences, also fall within this discipline.</p> <p>Astronomy is represented by the nine planets of the solar system, with Earth, its moon and Saturn distinguishable from the other planets. A primitive abacus represents arithmetic; contemporary applications include accounting, statistics-based economics and business. The path of a projectile</p>

Academic Honors

Students who complete at least 96 credits at Moorhead State University as candidates for baccalaureate degrees may graduate with the following honors:

CUM LAUDE—representing a cumulative grade point average of 3.40 or better

MAGNA CUM LAUDE—representing a cumulative grade point average of 3.60 or better

SUMMA CUM LAUDE—representing a cumulative grade point average of 3.80 or better

Such honors are computed only from the cumulative grade point average earned at Moorhead State University. Wearers of the red and white cord are Summa Cum Laude graduates. The purple honor cords indicate membership in Sigma Theta Tau International, a nursing honor society for students majoring in nursing and graduating at the top 30% of their class.

Academic Attire

The caps and gowns worn at formal academic events in American colleges are the direct descendants of the everyday costumes worn in the universities of Medieval England when each school had its peculiar dress so that an Oxford student could be distinguished from a Cambridge student, or a divinity student from a layman. Because of the tremendous growth of American colleges, and the confusion that would result if each were to adopt a distinctive costume, the Intercollegiate Bureau of Academic Costume was organized. The Bureau has established a uniform code that over 700 institutions have adopted.

There are three types of gowns and three types of hoods for bachelors, masters, and doctors. The bachelor's gown has a long pointed sleeve

whereas the master's gown has a long closed sleeve, square at the end. The doctor's gown is characterized by a voluminous bell-shaped sleeve with three velvet bars. The colors of the bars are usually the colors of the faculty which granted the degree, but may be black.

The hoods for all degrees are lined with silk in the official academic color or colors of the institution conferring the degree and have an edging or trim of velvet, the color of which indicates the academic discipline or faculty to which the degree pertains. The lining is exposed when the hood is worn. The bachelor's hood is not worn by candidates for the baccalaureate degree but only by those upon whom this degree has been previously conferred. The master's hood is considerably longer, has a wider velvet edging, and exposes more of the lining. The doctor's hood has wide panels at the side and is easily recognized since, of the three types of hoods, it has the widest velvet edging, greatest length, and fullest exposure of the lining.

The black mortarboard cap with tassel is worn with each type of gown. Those holding a doctor's degree are privileged to wear a gold tassel. Masters and bachelors wear tassels that are either black or of the color appropriate to the course in which they are being graduated.

Some of the colors which may be observed at this commencement and which symbolize various faculties are as follows:

Arts and Letters — White
Business Administration — Brown
Education — Light Blue
Humanities — Scarlet
Law — Purple
Music — Pink
Philosophy — Blue
Science — Golden Yellow
Social Work — Citron
